

We create the right technology for Social Media Advertising

As of now we are looking for a

Software Architect (PHP)

to be part of our professional team in Belgrade.

There are 10 types of people. The ones, who understand the binary code and the ones, who do not.

If you are **ONE** of those who understand and you want to be part of a...

-  great team of experienced software engineers and professionals and would like to be responsible for the quality and up-to-dateness of the technology and frameworks used
-  high-growth company in which you can find exciting and trend-setting challenges
-  familiar working atmosphere in an open-minded multinational team
-  group where you have the opportunity to contribute your own ideas

then **YOU** are the **ONE** we are looking for to take over the following tasks:

-  Developing and optimize scalable Business Support System for online advertising services
-  Developing and push new cutting-edge features for the online advertising business
-  Integrating state-of-the-art technologies from market leaders in ad delivery (API)
-  Developing interfaces for existing applications, e.g. ad server and web-analysis tools
-  Be responsible for the software architecture and technical training of the team

Requirements

Beside the fact that you are who you are, you should fulfill at least the following requirements:

-  Solid track record as software developer (+5 years experience)
-  Your knowledge of PHP (object-oriented) and experience handling MySQL, (x) HTML, CSS and JavaScript are excellent
-  You possess very good skills with Ajax, jQuery, SVN/Git, Smarty or other template engines
-  You have knowledge of Software Design Pattern
-  You are able and are having fun in developing the technical skills of a team

About esome

-  Facebook marketing partner
-  More than 80 people in Belgrade and Hamburg
-  Modern office in the city center
-  State-of-the-Art equipment (Mac or Lenovo. Your Choice!)
